

GlobalLogic achieves Premier Tier Status within the AWS Partner Network, solidifying cloud leadership

This achievement reinforces GlobalLogic's commitment to guiding businesses across various industries through successful cloud journeys, delivering agility and competitive advantage

Santa Clara, May 13, 2025 GlobalLogic Inc., a Hitachi Group Company, announced today that it has achieved Amazon Web Services (AWS) Premier Tier Services Partner status within the AWS Partner Network (APN).

Achieving AWS Premier Tier Services Partner status differentiates GlobalLogic as an AWS Partner that has demonstrated expertise and notable success in helping customers design, architect, build, migrate, and manage their workloads on AWS.

To earn the Premier tier, companies must complete a rigorous approval process through accreditations and certifications, demonstrate a long-term investment in their relationship with AWS, and have extensive expertise in deploying customer solutions on AWS. As an AWS Premier Tier Services Partner, GlobalLogic has a strong team of over 600 AWS-trained and certified technical engineers and consultants demonstrating their deep understanding of AWS technologies, best practices, project management, and professional services.

"GlobalLogic is proud and honored to be recognized as a Premier Tier Services Partner in the AWS Partner Network, underscoring our deep commitment to delivering exceptional cloud solutions," said Srini Shankar, President and CEO, Chief Business Officer, and Head of Global Industries, GlobalLogic. "This achievement, earned through a rigorous accreditation and certification process, validates our team's expertise in leveraging the full power of AWS to drive our clients' success. Our strong and growing collaboration with AWS, evidenced by our multiple competencies, earned designations, and joint solution accelerators, empowers us to deliver unparalleled value to our clients, enabling them to accelerate their innovation and achieve transformative business outcomes."

GlobalLogic leverages deep AWS expertise to accelerate cloud success for clients across industries, including Automotive, Media & Entertainment, and Healthcare & Life Sciences. Through a portfolio of solution accelerators for migration, modernization, data monetization, and security, GlobalLogic allows faster, more reliable deployments by combining automation, pre-built templates, and AWS best practices. This includes:

- A data platform accelerator that enables rapid deployment of centralized data platforms on AWS, driving faster data-driven insights.
- GlobalLogic's FinOps Maturity Evaluator helps clients optimize cloud spend by identifying key areas for FinOps improvement.
- As an AWS Well-Architected Partner, GlobalLogic conducts Well-Architected Reviews to ensure solutions are built for optimal performance, security, and cost efficiency.

GlobalLogic also holds AWS competencies in Financial Services, Automotive Services, Migration & Modernization, and Cloud Operations with DevOps Specialization. In addition, AWS Service Delivery designations for Control Tower, Amazon Connect, and Amazon QuickSight validate GlobalLogic's proven ability to deliver high-quality services across the AWS ecosystem.
