

Policy on Social Contribution Activities

Nurturing People, Connecting to the Future

At Hitachi, our Corporate Mission, "to contribute to society through the development of superior, original technology and products," is the basis for everything we do.

To contribute to the realization of a Harmonized Society where environmental sustainability, well-being, and economic growth are in harmony, and to achieve sustainable growth, Hitachi is accelerating its Social Innovation Business while sincerely engaging in social contribution activities.

Central to this goal are people: people in our business, people in our local and global communities, and people who are our future. Ultimately, it is individuals that have the ability to create innovation, bring social impact, and deliver social good to society.

Therefore, under the banner of One Hitachi, the Hitachi Group is committed to investing in, developing, nurturing, and empowering future generations, together with all employees and diverse stakeholders in the following key areas.

- **STEAM (Science, Technology, Engineering, Arts, and Mathematics)**
- **The environment**
- **Community support (including disaster support))**
